## Charter School Petition Submitted!

The petition to open Valor Classical Academy (VCA) has been submitted to the Idaho Public Charter School Commission. The Commission has set our hearing date for December 12th. During that time, the board members of American Classical Schools of Idaho will present our petition and answer Commission questions. The Commission will then decide if VCA has approval to move forward with designing and building our school. We will keep everyone updated on social media and in future newsletters, as we know you are as excited as we are to break ground!

## Leadership Team Visits Hillsdale College

Our leadership team recently attended Principal Bootcamp at Hillsdale College, where they gained valuable insights on classical education and learned from world class educators on a variety of topics. They also met with classical academy leaders from around the nation and heard about their K-12 best practices and advice on opening a new school. After five days of intensive training, our school leaders left with meaningful takeaways that will be pivotal as we move forward with our vision of educational excellence.

## Valor Classical Academy in the Community

Our tremendous Community Founding Group has been hard at work spreading the news of VCA in the community. In October, VCA took part in the Valor Fall Home Festival, Kuna Trunk or Treat, and hosted an informational session at the Kuna Library. Word is spreading and we are excited that more people are learning about the beauty of classical education and what it can offer Idaho students and families!
